INS Sahyadri Latest News

Recently, Indian Navy's indigenous stealth frigate INS Sahyadri made a port call at Kemaman port in Malaysia.

About INS Sahyadri

- It is the third ship of the **Shivalik Class Guided Missile Stealth Frigates** which was built by **Mazagon Dock Ltd** in Mumbai.
- It is indigenously designed, **constructed and commissioned in 2012**.

Features of INS Sahyadri

- It is equipped with **cutting-edge weapons and sensors**, enabling her to identify and eliminate threats from the air, the surface, and the subsurface.
- **Capacity:** It has a **displacement capacity of 6,800 tons** and has a massive surface speed of 32 knots.
- The vessel is a member of the **Eastern Fleet of the Indian Navy**, which is located in Visakhapatnam.

- The ship is capable of carrying Barak-1 and Shtil-1 3S90M missiles, **BrahMos** anti-ship missiles, anti-submarine rocket launchers
- It is equipped with a versatile array of weapons and sensors, can carry multi-role helicopters and represent the 'coming of age' of India's warship building capabilities.
- Stealth Frigates under the Shivalik class series namely **INS Shivalik, INS Sahyadri, and INS Satpura** are the first stealth warships built in India (by Mazagon Dock Limited).
