SabhaSaar AI Tool Latest news

The Centre is set to unveil an artificial intelligence (AI)-powered tool named 'SabhaSaar' in Tripura on Independence Day.

About SabhaSaar AI Tool

- It is an **AI tool** which will automatically **generate minutes of meetings of gram sabhas**.
- Gram Sabha is the **primary body of the Panchayati Raj system**, consisting of all registered voters of a gram panchayat.

Features of SabhaSaar AI Tool

- It leverages the power of AI to generate structured minutes of meetings from gram sabha videos and audio recordings.
- It will bring uniformity in minutes of the **gram sabha meetings across the country**.

- Panchayat officials can use their e-GramSwaraj login credentials to upload video/audio recordings on 'SabhaSaar'.
- It is **built on Bhashini**, an AI-powered language translation platform launched by the government to bridge literacy, language, and digital divides.
- The **tool generates transcription from a video or audio**, translates it into a chosen output language and prepares a summary.
- It enables transcription in all major Indian languages like Hindi, Bengali, Tamil, Telugu, Marathi and Gujarati, in addition to English.
- **Significance:** It is ideal for panchayats, administrative bodies, and rural development projects as it streamlines documentation and empowers stakeholders with instant access to meeting insights.
