INS SUTLEJ

INS Sutlej Latest News

INS Sutlej recently arrived at Port Louis to undertake the 18th Joint Hydrographic Survey at Mauritius.

About INS Sutlej

- It is a **specialised hydrographic survey vessel** of the Indian Navy.
- It was **built by the Goa Shipyard Limited** and commissioned into the Indian Navy in 1993.
- It is currently **based at Kochi under the Southern Naval Command**.
- It is equipped with a range of surveying, navigational, and communication systems.
- The **next-generation surveying systems** provided on board include the **multi-beam swath echo sounding system**, differential global positioning system, **motion sensors**, sea **gravimeter**, magnetometer oceanographic sensors, side scan sonars, and an automated data logging system.
- These are designed to meet the stringent international/ISO 9002 digital survey accuracy standards required for the production of electronic navigation charts and publications.
- The ship also carries a Chetak helicopter and four survey motorboats.
