Fare se Fursat Fixed Airfare Scheme Latest News

Recently, the Minister of Civil Aviation inaugurated the 'Fare Se Fursat' Fixed Airfare Scheme.

About Fare se Fursat Fixed Airfare Scheme

- It is aimed at giving passengers freedom from the **stress of fluctuating airfares** and promoting ease of flying in the country.
- **Objective:** To address this long-standing challenge by introducing **transparency and stability in pricing**.
- It is an initiative by India's government-owned regional carrier, **Alliance Air** which offers a single, **fixed fare that remains constant** regardless of the booking date, even on the day of departure.
 - **Alliance Air** operates short and medium-route flights, primarily **connecting tier 2 and tier 3 cities** under the union government's **Ude Desh ka Aam Nagrik (UDAN) scheme**.
- **Pilot Phase:** The initiative will be implemented on a pilot basis from **October 13 to December 31, 2025** across select routes.

- The initiative is also expected to encourage **first-time flyers** from smaller towns to opt for air travel, and make air travel **available, accessible and affordable**.
- **Advantages:** The static fare system **eliminates uncertainty and stress** associated with fluctuating airfares, ensuring predictability of costs, even for last-minute bookings.
