

Global Partnership on Artificial Intelligence (GPAI)

November 21, 2022 • vajiramandravi.com

About Global Partnership on Artificial Intelligence (GPAI):

- GPAI is an international initiative to support responsible and human-centric development and the use of Artificial Intelligence.
- It aims to bridge the gap between theory and practice on AI by supporting cutting-edge research and applied activities on AI-related priorities.
- **Members:** The GPAI is a congregation of **25 member countries**, including the US, UK, European Union, Australia, Canada, France, Germany, Italy, Japan, Mexico, New Zealand, South Korea, and Singapore.
- India joined the GPAI in **2020 as a founding member**.
- Its **Secretariat** is hosted at the OECD.
- India occupying the chair also signifies how the world today perceives it as a Trusted Technology partner and one that has always advocated for the ethical use of technology for transforming citizens' lives.
- **Artificial Intelligence:** Artificial Intelligence is expected to add 967 billion US dollars to the Indian economy by 2035.

- It is also expected to add 450 to 500 billion US dollars to India's GDP by 2025 accounting for 10 per cent of the country's 5 trillion dollar GDP target.
