

Defence Forces Vision 2047, Roadmap for a Future-Ready Indian Military

March 14, 2026 • vajiramandravi.com

The Government of India has released **Defence Forces Vision 2047**, a long-term roadmap aimed at transforming the Indian Armed Forces into a modern, integrated and technologically advanced military capable of supporting India's aspiration to become **Viksit Bharat** by 2047.

The vision document titled "Defence Forces Vision 2047: A **Roadmap for a Future-Ready Indian Military**" was released by **Defence Minister Rajnath Singh** in March 2026 in New Delhi. It has been prepared by the **Headquarters Integrated Defence Staff** and outlines reforms required to address evolving security and technological challenges.

Defence Forces Vision 2047 Objective

It envisages the transformation of the military into an integrated, multi-domain and agile force capable of deterring adversaries, responding across the full spectrum of conflict & protecting expanding strategic interests, amid the rapidly changing global and regional dynamics.

Defence Forces Vision 2047 Key Features

The vision document outlines the strategic reforms, capability enhancements and organisational changes required within the Defence Forces to effectively address the evolving geostrategic, technological & security environment.

Key features of **Defence Forces Vision 2047** are:

- **Jointness and Integration:** Promotes greater coordination and synergy among the three services of the Indian Armed Forces to enable unified planning and execution of military operations.
- **Military Modernisation:** Focuses on upgrading existing platforms and inducting advanced weapon systems and emerging technologies to strengthen combat capabilities.
- **Self-Reliance in Defence:** Emphasises Aatmanirbharta by promoting indigenous defence production, innovation, and research to reduce dependence on imports.
- **Multi-Domain Warfare Capability:** Prepares the military to operate effectively across land, sea, air, cyber, and space domains.
- **New Strategic Institutions:** Proposes creation of specialised capabilities such as a drone force, data force, geo-spatial agency, and cognitive warfare units.
- **Space and Cyber Commands:** Recommends establishing dedicated commands to address emerging threats in cyber and space domains.
- **Strengthening Air and Missile Defence:** Calls for expansion of air defence and ballistic missile defence systems to protect critical infrastructure and strategic assets.
- **Human Resource Reforms:** Focuses on modern training systems, higher educational standards for recruits, and strengthening the Agnipath Scheme.
- **Capability Development Roadmap:** Adopts a phased transformation strategy with short-term, medium-term, and long-term capability goals leading up to 2047.
- **Whole-of-Nation Approach:** Emphasises coordination between military strength, diplomacy, technology, and economic power to ensure national security.

Defence Forces Vision 2047 Implementation

The transformation outlined in Defence Forces Vision 2047 will be implemented in phases.

- **Transition Phase (till 2030):** Initial reforms and capability upgrades.
- **Consolidation Phase (2030-2040):** Strengthening and technological capabilities and integration among services.
- **Excellence Phase (2040-2047):** Achieving a fully modern and globally respected military force.
